The AI Ethics Canvas was made by Trystan S. Goetze in 2021. It is based on Alex Osterwalder's Business Model Canvas (https://strategyzer.com/canvas), and the many variations that have followed it, particularly Richard Vidgen's Business Ethics Canvas (https://ethicalai.ai/2020/05/09/business-canvas-for-ethical-ai-richard-vidgen/>, the Open Data Institute's Data Ethics Canvas (https://the-data-ethics-canvas-c221>, and the The ADAPT Center for Digital Content Technology's Ethics Canvas (https://teneavas.org/>, This worksheet is licensed CC-BY-SSA 4.0 International (https://creativecommons.org/)icenses/by-s34,0/>.
